

Success Story

Hey Schermerhorn,

You have definitely made the last 12 months entertaining, enlightening, and even enjoyable! Thank you for your care, concern, and treatment techniques. I've really enjoyed our camaraderie. I've also appreciated all the cool nuggets of information I've learned from you — these things I'll use my entire life. God Bless you, my friend, in all your endeavors personal and professional.

Kind Regards,

Jingelstad
